On March 21, 2025, AJP Holding Company, LLC ("AJP") and Orbic North America, LLC ("Orbic") issued the following press release

P R E S S R E L E A S E

**AJP Holding Company, LLC Announces Director Candidates for the Board of  
Sonim Technologies, Inc.**

**AJP Holding Company, LLC Intends to Nominate, on behalf of itself and on behalf of Orbic North America, LLC, 5 Highly Qualified Candidates with Best-in-Class  
Experience in 4G/5G Connected Devices, Technology, Manufacturing, Hardware, Software, Sales, Strategy, Operations and Finance**

**HAUPPAUGE, NEW YORK, March 21, 2025 / PR Newswire** — AJP Holding Company, LLC ("AJP") and Orbic North America, LLC ("Orbic"), an international leader in mobile technology innovation, today announced that AJP intends to nominate a slate of five highly qualified candidates (the "Candidates") for the Board of Directors of Sonim Technologies, Inc. (NASDAQ:SONM) ("Sonim" or the "Company"), a leading U.S. provider of ultra-rugged mobility solutions, for election at the Company's upcoming 2025 Annual Meeting of Stockholders (the "Annual Meeting").

As previously announced on January 15, 2025, Orbic agreed to purchase from AJP a substantial position in the shares of Sonim that AJP acquired in 2022 when Sonim explored the sale of the entire Company. At the time of its January 2025 announcement, Orbic stated that it intended to initiate discussions with Sonim whereby the parties would be able to begin an arm's length strategic process to identify, monetize and deliver operating and financial synergies to both companies' stockholders and customers across manufacturing, operations, R&D, supply chains, and geographic market expansion opportunities globally, including the U.S., Europe, India, and other countries in Asia. To date, Sonim has resisted such discussions and has pursued alternative courses of action to ensure the existing Board of Directors and management team remain entrenched at the Company – actions which AJP and Orbic believe have been destructive to stockholders. These actions have resulted in an almost 50% decline in the Company's stock price (which closed at \$3.78 on the January 15, 2025 Orbic announcement date) while also diluting existing stockholders by the Company issuing new common shares under its At-The-Market facility and increasing the Company's debt level through a recent \$3 million 18 month expensive short-term debt issuance. The Company's stock price has declined approximately 75% since it completed its sale of a majority stake to AJP in 2022.

AJP and Orbic strongly believe that AJP's proposed five Candidates will be in the stockholders', the Company's, its employees' and its customers' best interests. AJP and Orbic believe that the slate of five highly qualified individuals will assist the Company in realizing its potential and maximizing value for all stockholders. These Candidates were chosen through a comprehensive evaluation process to identify professionals with complementary backgrounds and experiences related to improving operations, R&D, manufacturing, supply chain strategy, finance, sales, vendor and customer management and strategy and corporate development in the context of the opportunities that are available and offered by an association and cross shareholding with Orbic.

The director nominees are as follows:

- **Douglas B. Benedict** – 35 year career in board advisory, principal investing, investment banking, corporate and strategic development including Citigroup, Bank of America and Cendant; currently EVP of Corporate Development at Orbic;
- **Joseph M. Glynn** – 27 year career at QUALCOMM in business development; 6 years as CTA Board Member and 11 years as 450 MHz Alliance Board Member;
- **Gregory M. Johnson** – Founder and CEO of Vintelligence, providing advice to scale business revenue via brand/product re-imagination; 17 year career at American Express; 3 years at Capital One, Head of Small Business Card channels;
- **Surendra Singh** – currently Chief Sales & Partnerships Officer at CoreStack; 25+ year career at Microsoft; 8 years at software development and services provider Intergraph – now part of Hexagon AB.
- **Michael Wallace** – 23 year career at QUALCOMM including 12+ years as SVP & GM Emerging Businesses Unit.
